

MODERN COLLECTION

The beauty of form the brilliance of function

It's no longer a question of one or the other. Our Modern Collection delivers both: the striking simplicity of contemporary design & the effortless convenience of gas technology. It's a powerful combination—one that can take any room from now to wow, instantly.

Style & substance. Current & classic. Form & function. That's Heat & Glo.

No one builds a better fire.

Paloma

Up-to-the-minute & state-of-the-art. The beauty of modern design meets the intelligence of advanced engineering. Paloma combines sleek lines and European styling with innovative thinking and finely detailed construction.

Shown above with green curved outer glass and matching optional parabolic-shaped hearth pad.

Shown right with cast stone surround, bronze curved outer glass and matching optional rectangular-shaped hearth pad.

Cyclone

The art & science of fire. The world's only flame art fireplace has taken the industry by storm. Out of the fireplace and into the spotlight, wall mounted or fully customized, Cyclone puts a whole new spin on fire.

Shown at left: Cyclone System with brushed copper decorative front and custom Bisazza tile finishing. Shown in inset: Cyclone Custom in bar application.

Soulstice Fireplace with Halo Surround

Intimately sized & luxuriously crafted. A complete menu of premium features beautifully wrapped in a petite package. Designed for elevated viewing, Soulstice can be enjoyed from the comfort of your couch or the bliss of your bed.

Our ideas & your dreams. Now what you can do with a fireplace is restricted only by your imagination. The versatile square shape and small size of Soho unlock all-new, creative installation opportunities.

Shown with custom wall finishing.

Everest Fireplace with Atlas Surround

Tall, bold & handsome. European-inspired design that's tall and slim, both classic and contemporary. The strength of concrete and fluidity of beveled glass merged with a unique, vertical shape.

$SlimLine~750~Fireplace~{\it with Luna Surround}$

A look to the future & a nod to the past. Where modern merges with mainstream—the familiar face of a traditional fireplace warms the cool, clean lines of concrete.

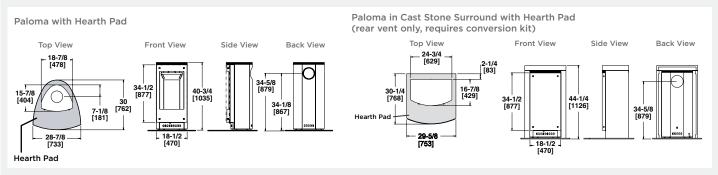

SlimLine 550 Fireplace with Echo Surround

Ahead of the curve & over the top. The simplicity of a concave line plus the drama of bold concrete effortlessly elevate the fireplace to high design.

Limited Lifetime Warranty

The strongest in the industry, Heat & Glo provides a limited lifetime warranty on gas-burning products for their most important aspects: firebox and heat exchanger.

** For full warranty details go to www.heatnglo.com.

IntelliFire™

Our exclusive, state-of-the-art IntelliFire ignition system reduces gas consumption and thermogenerator wear by providing a pilot flame only when needed. It also supplies a backup battery system to run the fireplace during a power outage.

Healthy Hearth

Our direct vent fireplaces feature a sealed combustion chamber that draws in fresh air from outdoors and discards all combustion by-products back outside. Recognized by the American Lung Association® Health House® program as a Clean Air ChoiceTM.
